

Gain Smooth Access to Uganda with TÜV Rheinland's PVoC Services

TÜV Rheinland is a global leader in testing, inspection, certification, training, and consulting services. The organization has been operating for more than 150 years and ranks among the world's leading service providers with more than 20,000 employees in around 70 countries, boasting a global presence on every continent.

TÜV Rheinland is an authorized conformity assessment body by the Uganda National Bureau of Standards (UNBS) to carry out the Pre-Export Verification of Conformity

(PVoC) processes for all general commodity imports into Uganda. Our team of experts conduct assessments on regulated products to verify that they are compliant with UNBS regulations, and as a result, a Certificate of Conformity (CoC) is issued for a seamless shipment clearance process.

Gain smooth and reliable access for your products to the Ugandan market with TÜV Rheinland Pre-Export Verification of Conformity (PVoC) services.
